

VOITURES ELIGIBLES / ELIGIBLE CARS

24-26 / 06 / 2011

Les dates figurant entre parenthèses sont celles de la participation de la voiture à la course de Côte du Mont Ventoux. Les modèles du même type d'une autre année sont bien évidemment éligibles. D'autre part, il est très difficile de trouver dans les archives, outre le nom du constructeur, la dénomination exacte du modèle, principalement pour les ancêtres. Tout modèle ne figurant pas dans cette liste et dont la participation à l'événement peut être prouvée sera bien entendu pris en compte.

The dates appearing on the list are those of the participation of the car in the event. Any identical type whatsoever its date, is eligible. On the other hand, it is very difficult to make, further to the manufacturer's name, a precise inventory of the car type, mainly for the 'ancestors'. Thus, the list hereunder is non-inclusive and any model not included, the participation of which can be proved will of course be considered.
